THE ULYSSES PROJECT • AN EPISODE REPORT, DERIVED FROM THE INDEX AT /EPISODES/ • EPISODE TITLES ARE SCHEMA SCAFFOLDING, NOT JOYCE'S (A2) • NOT AN EPISODE COMPANION

What this project's own operations hold that falls in this episode — counted from the built dimensions and verified against the 1922 text at every build. Nothing here summarises the episode or advises a reader; the dimensions themselves are the record, and every list below links into them.

The Constraint Model — the day at this hour

base document 03 puts this episode at 10 a.m. — the places 03 establishes here: Mr Deasy's school, Dalkey — the model

- Stephen is documented at Mr Deasy's school, Dalkey at 09:45, to 10:45 — 03 §2 · ~9:45–10:45 · approximate, on the model's own terms

The book's own words

—History, Stephen said, is a nightmare from which I am trying to awake.

From the playfield the boys raised a shout. A whirring whistle: goal. What if that nightmare gave you a back kick?

—The ways of the Creator are not our ways, Mr Deasy said. All human history moves towards one great goal, the manifestation of God.

Stephen jerked his thumb towards the window, saying:

—That is God.

Hooray! Ay! Whrrwhee!

—What? Mr Deasy asked.

—A shout in the street, Stephen answered, shrugging his shoulders.

the 1922 text, episode 2 · as the held transcription prints it, its `_italic_` marks kept

why these lines: history called a nightmare, and God answered as a shout in the street — the choice is the project's (A5)

The warrant is the reader's own words at p.6 of the reading record: “Now that the first three parts are over, I would like to hear more about chapters 2 and 3 as well,”. It names this episode as “chapters 2 and 3”. It names the episode and nothing narrower, so the scene is the project's choice as well as the lines. The reader numbers rather than names, and his numbering is the book's own: at p.4 he says “I'm confused. I'm not despairing. I don't mind. I'm gonna read gently until bloom appears in chapter four.”, and Bloom does appear in the fourth section the held text marks. So placing him at this episode rests on the record and on the book's own markers, not on this project's episode titles (A2).

this episode's question count is zero, and the study says why in its own words: The early book is undercounted: episodes 1–3 were partly read before the companion became a habit, and the single retrospective question covering episodes 2–3 (pdf 6) was left out of episode counts under the conservative-assignment rule — their zeros are an artifact of method plus timing, not proven ease.
