THE ULYSSES PROJECT • AN EPISODE REPORT, DERIVED FROM THE INDEX AT /EPISODES/ • EPISODE TITLES ARE SCHEMA SCAFFOLDING, NOT JOYCE'S (A2) • NOT AN EPISODE COMPANION

What this project's own operations hold that falls in this episode — counted from the built dimensions and verified against the 1922 text at every build. Nothing here summarises the episode or advises a reader; the dimensions themselves are the record, and every list below links into them.

The book's own words

No exchange title names this episode, and none of the reader's own recorded words that this study marks names it or anything in it, so no passage is shown here.

The record is not silent here. The study places 2 questions in this episode, and what is missing is a warrant this project can check — not the reading. The reader's words reach this project only where the study quotes and marks them, and that selection is the study's, not the record's full extent.

What the study does say about this episode, in its own words: Two questions, one locating the episode's own closing image in the wrong chapter — the episode boundaries themselves were still being learned.
